Dear Mr. Hagan:

Re: Direct Energy Regulated Services Rider “F” Rates for ATCO Gas South Service Territory for April 2009

Direct Energy Regulated Services (DERS) is filing with the Alberta Utilities Commission (Commission or AUC) a proposed Rider “F” of \$3.575 per GJ for the month of April 2009 for the service territory of ATCO Gas South.

In compliance with the Alberta Utilities Commission directive on page 3 of Order 2008-374, DERS has added the approved margin to the GCFR to formulate Rider “F”. The DGA package used to derive a GCFR rate of \$3.553 per GJ is attached.

It has come to the attention of DERS that the Deferral Reconciliation for 2008 included in the March 2009 GCFR contained errors. As a remedy, DERS has included in the present GCFR filing, prior period adjustments that true-up the Deferral Reconciliation amounts to what they should have been. DERS has attached to the April 2009 GCFR filing a reconciliation package labeled Attachment 2 – Revised Deferral Reconciliation for 2008 which details the correct 2008 energy related deferral components, and the true-up adjustments included in this filing.

Additional price and weather data relating to the February 2009 and March 2009 periods as well as some explanatory notes relating to prior period adjustments are included in Appendix B. DERS has also included Attachment 3 - South Load Balancing Transition Attachment to explain the imbalances coming from transition of the load balancing function to ATCO Gas.

Should you require additional information please contact the undersigned at 403-290-7744.

Yours truly,
