Alberta Utilities Commission  
10<sup>th</sup> Floor, 10055 – 106 St.  
Edmonton, Alberta T5J 2Y2

**Attention: Mike Hagan**  
**Executive Director, Rates**  
**Edmonton Office**

Dear Mr. Hagan:

**Re: Direct Energy Regulated Services Rider “F” Rates for ATCO Gas North Service Territory for April 2010**

Direct Energy Regulated Services (DERS) is filing with the Alberta Utilities Commission (Commission or AUC) a proposed rider “F” of \$3.594 per GJ for the month of April 2010 for the service territory of ATCO Gas North.

In compliance with the Alberta Utilities Commission directive on page 3 of Order 2008-374, DERS has added the approved margin to the GCFR to formulate Rider “F”. The DGA package used to derive the GCFR rate of \$3.572 per GJ is attached.

Additional price and weather data relating to the February 2010 and March 2010 periods as well as some explanatory notes relating to the prior period adjustments have been included in Appendix B. Also, Attachment 1 has been included to reconcile the prior period adjustment to UFG/Load Balancing on Schedule M-2.

In Commission Directive 12 from Decision 2009-238, DERS was directed to propose in its compliance filing, “how it will include the energy related costs for the DRT that were previously subject to deferral (those being credit charges, working capital, bad debt and penalty revenue) in its future monthly Gas Cost Flow-through Rate filings.”

To be consistent with the treatment DERS proposed in its 2009-2011 DRT and RRT Compliance Filing, DERS has used as placeholders, the same values for credit charges, working capital, bad debt and penalty revenue that appeared in the January 2010 GCFR filings. DERS has also ceased to include in the Deferred Gas Account, the actual amounts relating to 2010 energy related costs, similar to how procurement costs are treated.

As such, the Commission should be aware that the values reported for credit charges on line 10, in columns D and E of Schedule M-1 are placeholders and therefore do not correspond to the values reported in Schedule C-1.

For a fulsome discussion of DERS’ proposal to recover energy related costs through its monthly GCFR filings, the Commission is referred to DERS’ compliance filing Application No. 1605840.

Should you require additional information please contact the undersigned at 403-290-7744.

Yours truly,
