Dear Ms. Torrance:

**Re: Direct Energy Regulated Services Gas Cost Flow-through Rates for ATCO
Gas South Service Territory for March 2007**

Direct Energy Regulated Services (DERS) is filing with the Alberta Energy and Utilities Board (Board or EUB) a proposed Gas Cost Flow-through Rate (GCFR) for the month of March 2007 for the service territory of ATCO Gas South. The GCFR Rate Schedule attached indicates a rate applicable for ATCO Gas South customers of \$9.171 per GJ.

Additional price and weather data relating to the January and February 2007 period as well as some explanatory notes relating to the prior period adjustments and other items have been included in the attached document titled Appendix B - South. DERS has also included the R-10 A S (DETAIL) schedules as a separate attachment labeled Detailed Reconciliation Schedule South (Mar 07) in order to reconcile the R-5 schedule.

In response to the Board's directions contained at page 135 of Decision 2003-106, DERS has attached to the March 2007 GCFR filing a reconciliation package labeled Attachment 1 - Deferral Reconciliation for 2006 which details the 2006 energy related deferral components (procurement costs, working capital, bad debt and penalty revenue).

Should you require additional information please contact the undersigned at 403-290-4635 or Sarah Puddicombe at 403-290-6851.

Yours truly,
