Dear Ms. Torrance:

**Re: Direct Energy Regulated Services Gas Cost Flow-through Rates for ATCO
Gas South Service Territory for March 2008**

Direct Energy Regulated Services (DERS) is filing with the Alberta Utilities Commission (Commission or AUC) a proposed Rider "F" of \$9.707/GJ for the month of March 2008 for the service territory of ATCO Gas South.

In compliance with the Alberta Energy and Utilities Board directive on page 98 of Decision 2007-103, DERS has added the approved margin to the GCFR to formulate Rider "F". The DGA package used to derive a GCFR rate of \$9.658 per GJ is attached.

Additional price and weather data relating to the January 2008 and February 2008 periods as well as some explanatory notes relating to the prior period adjustments have been included in Appendix B.

In response to the Board's directions contained at page 135 of Decision 2003-106, DERS has attached to the March 2008 GCFR filing a reconciliation package labeled Attachment 1 - Deferral Reconciliation for 2007 which details the 2007 energy related deferral components (procurement costs, working capital, bad debt and penalty revenue).

Should you require additional information please contact the undersigned at 403-290-4635.

Yours truly,
