Dear Mr. Hagan:

Re: Direct Energy Regulated Services Rider "F" Rates for ATCO Gas South Service Territory for May 2009

Direct Energy Regulated Services (DERS) is filing with the Alberta Utilities Commission (Commission or AUC) a proposed Rider "F" of \$3.061 per GJ for the month of May 2009 for the service territory of ATCO Gas South.

In compliance with the Alberta Utilities Commission directive on page 3 of Order 2008-374, DERS has added the approved margin to the GCFR to formulate Rider "F". The DGA package used to derive a GCFR rate of \$3.038 per GJ is attached.

Additional price and weather data relating to the March 2009 and April 2009 periods as well as some explanatory notes relating to prior period adjustments are included in Appendix B. DERS has also included Attachment 2 - South Load Balancing Transition Attachment to explain the imbalances coming from transition of the load balancing function to ATCO Gas.

Should you require additional information please contact the undersigned at 403-290-7744.

Yours truly,
