Application No. 1605000**

1. Direct Energy Regulated Services (DERS), a Business Unit of Direct Energy Marketing Limited, filed an application (Application) on April 24, 2009, with the Alberta Utilities Commission (AUC) requesting acknowledgement of energy charges applicable to its Regulated Rate Tariff (RRT) for the month of May 2009.

2. The Application included a letter from the independent advisor<sup>1</sup> (the Advisor) stating that he had reviewed the energy charges filed by DERS for the month of May 2009, and concurred that they were calculated in accordance with DERS' 2006-2011 Energy Price Setting Plan (EPSP). DERS also filed signed copies of Certifications of Compliance from the consultation party representatives, the Advisor and DERS stating that the procurement of regulated rate supply for April 2009 was done in accordance with the EPSP.

3. DERS' proposed energy charges for the month of May 2009 are as follows:

Rate Class	cents/kWh
Residential	7.829
Commercial	7.875
Industrial	7.615
Farming (Includes REA)	7.826
Irrigation (Includes REA)	7.714
Oil & Gas	7.575
Lighting	4.602

4. AUC staff members have reviewed the Application, and the AUC accepts that the above noted energy charges represent rates determined in accordance with the DERS' EPSP approved by the AUC's predecessor, the Alberta Energy and Utilities Board (Board), in Order [U2006-108](#).<sup>2</sup> The EPSP formed part of a Negotiated Settlement, which the Board considered would result in rates that were just and reasonable.

5. DERS has included the 2009 pretax return margin of \$2.46/MWh in the May 2009 energy charge calculation in accordance with the AUC letter dated November 3, 2008. In

<sup>2</sup> Order U2006-108 – Direct Energy Regulated Services 2006-2011 Regulated Rate Option Energy Price Setting Plan Negotiated Settlement (Application 1454813) (Released: April 28, 2006)

Decision 2006-107,<sup>3</sup> the Board directed DERS to update the pretax return margin each year by applying the forecast income tax rate to the Board approved after-tax margin of \$1.75/MWh.

6. In accordance with section 7(3) of the *Regulated Rate Option Regulation*, AR 262/2005, as amended (the RROR), the AUC acknowledges that the energy charges as set out above are applicable to DERS' RRT for the month of May 2009.

7. Further, as outlined in RROR sections 7(4) and 7(5), DERS must retain records sufficient to enable the AUC to audit any previous monthly rates set by DERS. Any amount overcharged to customers due to an incorrect rate calculation must be refunded to customers as soon as practicable after the error is discovered.

8. If any affected party objects to the calculation of the energy charges for the month in question, they should notify the AUC and DERS in a timely manner, and include the nature of their objection and the reason(s) why it should be considered.

Dated in Calgary, Alberta on April 30, 2009.
