**Attention: Becky Torrance
Manager, Edmonton Office
Utilities Branch**

Dear Ms. Torrance:

**Re: Direct Energy Regulated Services Regulated Rate Tariff Transition Rate for
July 2006**

Direct Energy Regulated Services (DERS) has discovered an error in the July 2006 RRT transition rate calculation submitted to the EUB yesterday. DERS has corrected the Total Metered Load Forecast by rate class shown on Schedule 7, in order to remove the Losses and UFE that were inadvertently included for certain rate classes. The corrected July 2006 rates and supporting schedules are attached. The revised rates and calculations have been distributed to the Independent Advisor for review. Once the Independent Advisor has reviewed the rates DERS will notify the Board.

Should you require additional information please contact the undersigned at 403-290-4635

Yours truly,
